NEW TEACHERS

Two new teachers were added to the Rogue River High School staff this year. They are Mrs. Georgene H.Clark and Mr. Ben Tryon.

Mrs. Clark, the home economics and biology teacher, received her education at the Oregon State College, where she majored in home economics and science. Mrs. Clark taught school for 12 years until the war started. She then quit the teaching profession to accompany her husband who is a colonel in the Army Air Corps. She said we have a grand school here and she came to teach because she liked the school so well.

Mr. Tryon, who teaches algebra II, physics,geometry,and general science, obtained his education from the Black Hill Teachers' College,at Speerfish, S. D. Mr. Tryon was in the Air Corps for five years. This is his first year as a teacher.

The six former teachers returning are: Miss Laura M. Grubbs, Mr. Willard Webb, Mr. Ralph Grosenbach, Mrs. Virginia Westerfield, Mrs. Margaret Stockman, and Mrs. Altha LeRoy.

BEAT BUTTE FALLS

SHINE ON

Registration rolled around this year and I, like all the other pupils, pranced into the old school house. It was such a pleasant surprise to roam through the halls and peer into all the rooms because everything was absolutely spotless. The floors were all so shiny and bright you could see your reflection in them. The journalism and chemistry rooms were finished and the home economics room was complete with a fitting room and drapes. New window shades were up and the library had been re-done. Truly, the school presented a pleasing picture. It was a pleasure to start in again. We thank Mr. Beck for his hard work all summer in preparing the building for a new term. Let's try and keep it as clean as possible to show our appreciation for his efforts and achievement.

"BOTH — TEAMS"

We all know how thrilled we are when our team makes a touchdown, but do we think about how thrilled the players are when their "big-team" sends up a rousing cheer? It's a known fact that a team plays a better game when they know the whole student body is pulling together for them. Our yell leaders can yell themselves hoarse, but if they have no help it isn't going to make much of a dent. They can do the leading but the rest is up to you. Don't make their job an impossible one. If we get behind them all the way it'll give them something to yell for and if they have something to yell for the team'll have something to win for. So come on kids, we need a lot of that good old "school spirit" to help boost our team to victory today. Get out there, open up, those mouths and yell! G.N.

EQUALITY

Our ship of life
Ought to be filled
with
A cargo of good deeds,
And not be burdened
By color or creeds.

- - -

A young Indian girl who had just finished high school won a scholarship to a college of her choice. When she had made her decision she bought a bus ticket and prepared to leave.

Upon boarding the bus, she became badly confused when the bus driver told her that she must sit in the back.

"That is the place where non-whites sit on this bus."

The young girl, terribly hurt, descended from the bus and declared she would not take advantage of her scholarship.

This feeling has been experienced by millions of people the world over, both young and old. These people have a right to live in this America as well as we. They too are America.

If we are to keep our freedom, our democracy, we must have healthy minds on all subjects. When we hear an argument we must remember there are always two sides to each and every story.

We must believe in the rights of the minority and the rule of the majority if we are to have strong council.

There must be pride in the appearance of our schools as well as in ourselves, the students of such schools.

Good citizenship must stand as a strong hold on humanity and loyality of the people shall keep this hold.

Let us work together to achieve this, for our America.

A DAZ WERK

I got up in the morning, got dressed washed my face and hands, ate brekfast, started the truck, and drove to work in Headford. I met my dad's partner, Down, and went on the job, we unloded the truck and sat up scaffel. Then filled up the water berrel and tride to start the mixer. I cranked and cranked and cranked but the mixer would not start. So I looked to see if it was out of gas and it was. So I filled it up with gas and started to crank again. Fianley it started: put, put, put, put, put, put, sput, fluerr--and then it stoped again. I forgot to push in the choche. So I cranked it again--put, put, put, put, put, put, put, put, it went so I took 7 and ½ bukets of water-next I put in 1 sack of fibered plaster, then 28 shovels of sand, and 1 shovel of cilite and sat down and listened to the mixer go put, put, put, put, put, put, put; fianley it was ready. So I got the weal berrel and dumped a lod in and mixed more mud for 8 howers. Then washed up all the trowls and drove home. When I got home I got cleaned up and went to town and mett the gang and swipped canalope.

A pretty young nurse was selling puppies.

Larry M. told her that he would buy her a puppy provided she would nurse him if he ever went to her hospital. She promptly agreed.

"By the way," asked Larry, "where is your hospital?"

"I'm at the Queen Charlotte Maternity Hospital," meekly replied the pretty nurse, putting the five srot into the box.

There was the drunkard who was walking down the street with one foot in the gutter and one foot on the sidewalk.

A cop on the other side of the street was getting pretty curious so he went over and tapped the drunkard on the shoulder and said, "Why are you walking that way, buddy?"

The drunkard looked up at the cop, scratched his head and said," Well, what do you know! I thought I was a cripple.

BEAT BUTTE FALLS

After two long hard weeks of practice the revised football team of Rogue River High will meet Butte Falls this Friday afternoon at 2:00 in a mad clash of football splendor.

Althouth Butte Falls were beaten last Friday in a Jacksonville march, 6 to 44, it still promises to be the game to see.

Pete Purrier is back in swing, Larry McBee's leg is back on and in socket and the whole team is just "rarin' to go."

COMING GAMES

Rogue River vs. Butte Falls at Rogue River October 9, Friday, 2 pm.

Butte Falls was not on our last year's schedule so it is not known how strong their team will be, but it should be a fine game to see.

Prospect vs. Rogue River at Prospect October 16, Saturday 2 pm.

Prospect has a well organized and powerful team this 48 season. They have downed Gold Hill 24-19 and St. Mary's 34-24. They are one of the high teams so far.

St. Mary's vs. Rogue River at St. Mary's October 21, Thursday 2 pm.

St. Mary's had hard luck in the way of injured men but are far from weak.

CHEERLEADER NEW COURTS

It was announced that petitions for cheer leaders be in by Friday, September 24. One petition for Betty Fisher and Joy Starr was received.

The student body asked for one week extension fo time for the deadline. The deadline date was moved to October 1. At this time another petition was received. It was for Betty Simmons, Joan Ford and Joe Medley. Two of the students on the latter petition refused to participate which according to the school constitution automatically elects Betty Fisher and Joy Starr as our school cheerleader for the present.

FIRST DEFEAT

The Rogue River Football team suffered their first conference defeat in two years when they lost to the fast and good passing team of Talent on the Rogues' new turf, September 25. The final score was 33 to 20. The score at the end of the first half was 12 to 6. Jack Burk, Rogue River's left half, scored the three touchdowns and kicked the remaining two on conversions. Mr. William Beck has been working diligently on the counter-sinkers, posts, and cables that make up three new badminton courts in the Rogue River High School Gym.

The courts are regulation size and are painted with blue lines cross court.

Mrs. Altha LeRoy, girls' physical education instructor, says, "The courts are a dream come true. It will be a wonderful opportunity for property emphasis on individual sports in the high school girls' physical education program."

HELP NEEDED

Mrs. Altha LeRoy and nine students from physical education started working on the new tennis courts but ran up against a snag. The land is not level enough at the north end of the field, where the tennis court is supposed to go. The leveling will require a tractor or bull-dozer. Any individual who has the equipment and is willing to lend the school a helping hand would certainly be appreciated at this time.

Talent game (cont) played a fine defensive game.
